

Selection Criteria 2023 for the 72nd Lindau Nobel Laureate Meeting

Physiology/Medicine

These young participants will be recruited among Chinese doctoral students within Chinese domestic institutions (Before the end of the second year of Doctor, or before the end of the third year of Direct PhD / Successive Master-doctor Program)

The following standards and criteria have been defined for their selection:

All nominated participants shall

1. show a genuine interest and engagement in science and research,
2. receive very strong support of their application by their academic advisor and/or by an internationally renowned scientist, who knows the applicant well,
3. show a noble aspiration to participate in international research cooperation, particularly in Germany universities and institutes,
4. belong to the top 5 percent of their class,
5. be fluent in English and prepared to actively participate in discussions with laureates and young scientists,
6. already have published papers in scientific journals (First Author an asset), and/or have made reports in international academic conferences,
7. a detailed letter of recommendation is indispensable for the application,
8. not already have completed doctoral thesis, not already have a permanent position (for this, the professional/employment status must be clearly indicated),
9. not have participated in a previous Lindau Meeting,
10. be not older than 32 years of age at the date of the meeting with exceptions for special cases (after June 25, 1991).
